Vice Chairperson

Steve Holmes
Executive Director

To All Interested Parties:

The 2019 Legislature has approved the bill allocating \$10 million to the Transportation Disadvantaged Trust Fund (SB 7068). These funds will be used to competitively award grants to CTCs and TNCs. Attached are the Program Manual and Application forms. It is imperative that you read the entire manual and instructions as it contains specific guidance and requirements for the submission of grant applications.

Applications are due May 15, 2019!

Below is the timeline for application submittal, review and approval.

May 3, 2019	Release Grant Application Package
May 15, 2019	Application Package Due
May 23, 2019	Subcommittee Meeting
June 3, 2019	Commission Meeting
July 1, 2019	Tentative Project Start Date

We understand that this is a very short timeframe. Hopefully our earlier emails inspired some ideas and you are ready to finalize your scope and submit your application(s).

Remember, more than one project can be proposed by the same entity. However, a separate application package for each proposed project is required. Required signatures may be obtained after submission but prior to grant agreement execution (if awarded).

Please share this email to those who may be interested. Depending on the responses to this request for grant applications, the Commission may provide another opportunity to apply during the first quarter of Fiscal Year 2019-2020 (July – September).

Contact your project manager or the Commission if you have any questions or need additional information. We look forward to receiving many great innovative applications!
